Francesca,
The following is what I propose to send to the Scientific Integrity Review Panel. Please review this and let me know as soon as possible if you have any comments.
Thanks,
Marti

Dear All,

This is a follow up to the August 5, 2015, Scientific Integrity Panel meeting. During that meeting, the Panel discussed the claims of a loss of scientific integrity regarding a 2006 EPA report.

The following two attached documents (revised since the August 5th meeting) summarize the current status of the evaluation of this allegation:

- "Allegation 6 timeline..."
 - "Report to the Sci Panel on Galvanic Corrosion Study..."
- Please note that both of these documents include links to all relevant articles and reports.
